Re: Florida Board of Nursing – Program Status Change

Dear Prospective Nursing Students,

Thanks for your interest in the Florida A&M University, Nursing Program. The School of Nursing is accredited by the Accreditation Commission for Education (ACEN). The ACEN Board of Commissioners granted continuing accreditation for good cause for two years to the baccalaureate nursing program of Florida A&M University. Based on the past two years first-time NCLEX Pass Rates, the FAMU School of Nursing has been placed on probation for the 2021 calendar year.

The FAMU School of Nursing is the oldest continuing baccalaureate nursing program in the State of Florida and the oldest continuing baccalaureate nursing program in the United States at a historically black institution. FAMU plans to maintain its legacy and continue to serve our community through the provision of high-quality nursing education and aiding society in the creating of nurses who serve vulnerable populations across the nation.

Kind regards,
